

NORTH RIDGEVILLE CITY SCHOOLS

New High School Project + Transportation Facility

Design Update

July 15, 2024

PURPOSES FOR THE NEW SCHOOL

Providing the best educational environment for future learners

Safety

- Install the latest security and safety measures that are crucial in today's educational environments
- Eliminate trailers at the high school.
- Provide access to disadvantaged students and ADA access to guests
- Replace aging facilities that are difficult to secure, monitor and maintain
- Provide better community access in a safe and controlled environment

Space

- Construct a new high school to accommodate critical space needs for the current student population
- Reduces and streamlines class sizes
- Eliminate costly, aging and wasteful infrastructure
- The buildings will fill an immediate, and future need as the community grows
- Provide additional community spaces

Excellence

- Provide a modern educational environment to better prepare students for their future
- Students have access to flexible, collaborative spaces, modern technology and support areas
- The new school enables more opportunities for new programs in academics, the arts and athletics

AGENDA

Completed Work

- Furniture Fair and Ongoing Design Meetings

Construction Schedule

- Progress and Schedule

Design Reveal

- Student Reactions
- School Animation

Next Steps

Design Team Meetings

Incorporating Feedback During the Process

NRHS Furniture Fair

Staff and Student Feedback on Furniture for the New School

Student Reactions

- We asked students from NRHS their impressions of the new school.
- **Cole Minich,**
Incoming 9th Grade Student
- **Sophia Kucerik,**
Incoming 10th Grade Student
- **Omar Sulaiman,**
Incoming 12th Grade Student
- **Amaya Lozada,**
Class of 2025

Next Steps

- The Design Reveal Animation will be released in the coming days.
- Additional updates will be released through the website.
- Join us for the groundbreaking ceremony during the “Back to School Bash” on August 15th at 6:30pm

Thank You!
